

GC32 CLASS RULES 2020 V 1.8 - Questions and Answers No 6

These Q&A is given in accordance with the GC32 Class Rules 2020 V1.8

Question 1:

Is there a maximum length for the rudder rake belts?

Answer 1:

No, there is no maximum length for the rudder rake belt. The recommended length from the licenced builder is 3.0 meters.

Question 2:

Is it permitted to source the rudder rake belts from any supplier?

Answer 2:

The rudder rake belts may be sourced from any supplier. The licenced builder offers the rudder rake belts as a set of two with the length of 3.0 meters each on his online shop (<https://www.thegreatcup.com/customer/>).
